Dear Miss FitzRandolph:

Enclosed is the spot for tonight. However, in view of the Bowen lecture which also takes place tonight and at which I presume many of the students we'd like to reach will be, if it doesn't ruin your scheduling, I'd be happy if you'd run this spot Friday night instead of tonight.

Naturally, because of the concert tomorrow night, which I had forgotten about, we won't want to run anything then.

Please give me a ring tomorrow morning to let me know whether the enclosed ad ran or not and at the same time we'll see about some more time next week.

Cordially yours,

Cynthia S. Walsh
